Esubalew Kunta Awash

Nationality: Ethiopian | **Gender:** Male | **Phone number:** (+251) 966042929 (Mobile) | **Email address:** esubalewkunta59@gmail.com | **Address:** Addis Ababa, 1000, Addis Ababa, Ethiopia (Home)

ABOUT ME

Software Engineering graduate (CGPA 3.62/4.00, IELTS 7.5) with strong foundations in machine learning, distributed systems, and applied AI. Developed scalable ML systems including mBERT fine-tuning for Amharic NLP (91.6% accuracy) and geolocation based job matching platforms. Seeking MSc in AI/Data Science to advance research in intelligent systems for real world impact.

EDUCATION AND TRAINING

28/06/2021 – 19/06/2025 Bahir Dar, Ethiopia
BACHELOR OF DEGREE IN SOFTWARE ENGINEERING Bahir Dar University

Selected Coursework: Machine Learning; Artificial Intelligence; Probability & Statistics; Calculus; Data Structures & Algorithms; Big Data Analytics; Distributed Systems; Database Systems.

Website https://www.bdu.edu.et/ | **Final grade** 3.62 / 4.00(Distinction) |

Thesis - " Balemuya" :Geolocation-Based Multi-Platform Job Matching System - recognized with 3rd Best Final Year Project Award for innovation and real world impact.

PROJECTS

01/02/2024 – 01/09/2025
Amharic Hate Speech Detection(mBERT Fine-Tuning)

- Fine-tuned a multilingual BERT model (mBERT) with HuggingFace Trainer API on 30,000 labeled Amharic text samples.
- Optimized training parameters across 15 epochs to improve classification performance.
- Reached 91.6% accuracy and 0.917 F1-score, advancing NLP tools for low-resource languages

Link https://github.com/Esubalew-kunta/amharic-hate-speech-detection

01/01/2023 – 02/06/2023
Diabetes Prediction using SVM

- Built a Support Vector Machine model on the Pima Indians Diabetes Dataset using Python and scikit-learn.
- Applied data cleaning, feature scaling, and model evaluation to ensure reliable predictions.
- Achieved ~79% accuracy, showing the potential of machine learning for accessible medical diagnostics

Link https://github.com/Esubalew-kunta/Diabetes-Prediction-using-SVM

01/10/2024 – 01/06/2025
Balemuya : Geolocation-Based Multi Platform Job Matching System

- Designed and implemented a scalable platform linking Ethiopian professionals with customers via web, mobile, and Telegram.
- Integrated geolocation matching, verified profiles, secure payments, and multilingual support.
- Connected over 1,000 local jobs during its initial testing phase, demonstrating practical impact in employment access.
- Awarded 3rd Best Final Year Project (2025) for innovation and system design excellence.

WORK EXPERIENCE

IT TRAINEE - ZEMEN BANK S.C – 08/12/2025 – Current – ADDIS ABABA, ETHIOPIA

Website: https://zemenbank.com/

- Identified the absence of a competency assessment system for employees.
- Designed and implemented a digital tool for remote assessments with monitoring, evaluation, and career tracking.
- Developed role based recommendations, enhancing HR decisions and employee development.

VOLUNTEER MOBILE DEVELOPER - AGAPE MOBILITY ETHIOPIA – 11/06/2024 – 14/06/2025 – ADDIS ABABA , ETHIOPIA

Website: https://agapemobilityethiopia.org/

- Noticed the lack of a registration system for aid beneficiaries in remote areas.
- Led development of a mobile app with offline caching, enabling data collection and management without internet.
- Registered and managed information for 1,000+ aid recipients, streamlining distribution and eliminating manual handling.

SOFTWARE DEVELOPER INTERN - MACROVIAN TECHNOLOGY – 14/05/2024 – 18/11/2024 – ADDIS ABABA, ETHIOPIA

Website: https://www.macrovian.com/

- Addressed barriers to quality education for students in remote areas and those with disabilities.
- Built an e-learning platform with structured courses, recorded lectures, live sessions, practice questions, and integrated Q&A.
- Enabled over 500 students to access learning resources, expanding reach and improving study outcomes.

SKILLS

Machine Learning & Data

Data Mining | Python | TensorFlow | PyTorch | CNNs | NLP (mBERT) | Scikit-learn

Software & Systems

Java | Flutter (Dart) | C++(Data Structure) | Prolog | Agile Development | Django

Databases & Tools

SQL | Firebase | GCP - Google Cloud platform basics | Git | PostgreSQL | Exposure to AWS/GCP | Jupyter Notebook

Soft Skills

Problem-solving | Technical Communication | Adaptability | Leadership | Teaching | Teamwork

CERTIFICATIONS

Professional Certifications and Training

- **Kaggle** - Intermediate Machine Learning; Deep Learning; Computer Vision; Feature Engineering
- **HP LIFE (HP Foundation)** - Data Science & Analytics
- **Asian Development Bank Institute** - Artificial Intelligence (AI) for Social Impact

Link https://drive.google.com/drive/folders/1GCe3HzpKUK1vtGenvEc3iSeusxz2ICy1?usp=sharing

LEADERSHIP & RECOGNITION

Honours & Activities

- **3rd Best Final Year Project Award**, Bahir Dar University - Balemuya platform recognized for innovation and real world impact.
- **Certificate of Appreciation**, Bahir Dar University - Python Trainer (6-week program; 30+ students trained).
- **Volunteer Translator**, Translators Without Borders - Translated 1,600+ words (English - Amharic).
- **Climate Advocate**, Liquid Trees - Recognized for environmental engagement.
